## Temperature sensing by Bluetooth

*Crop temperature monitoring with data logging*

- *Instant crop temperature readings with Android or iOS app*
- *Avoids walking over grain to take readings*
- *Logs temperature data for up to 6 months*
- *Download stored data for long-term record keeping*
- *Bluetooth unit with 2m or 3m pvc push-in sensor*

## Temperature sensing by Bluetooth

### *Compost production monitoring with data logging*

- *Instant compost temperature readings with Android or iOS app*
- *Avoids walking over compost to take readings*
- *Logs temperature data for up to 6 months*
- *Download stored data for long-term record keeping*
- *Bluetooth unit with 2m stainless steel push-in sensor*
